Modern Aluminum Collection  
Sleek, sophisticated garage doors

The Genuine. The Original.

# Modern Aluminum

A striking look for today's more contemporary-styled homes

Crisp lines and sleek design formed from durable corrosion-resistant aluminum and light-filtering glass.

## CHOOSE YOUR DOOR

Go ahead - indulge your sense of design and style with a garage door that sets your home apart. Our Modern Aluminum Collection combines glass and aluminum for unparalleled visual appeal, strength and light infiltration. It's a unique solution for your extraordinary home.

### Frame options

Choose a standard or heavy duty frame to best complement your home:

#### Standard frame

511 Series frame features a narrow width and offers an array of frame finishes and special custom options in door sizes up to 16' wide.

#### Heavy duty frame

521 Series frame is a wider, heavy-duty frame and it offers an array of frame finishes and special custom options in door sizes up to 26' wide. The 521 Series also offers a joint seal between sections for additional weather-resistance.

The 521 Series can also be fitted to meet wind load building requirements.

### Model series

Series	511 (S)	521 (HD)
Frame Type	Standard	Heavy-duty
Max. Door Width	Up to 16'	Up to 26'

Panel Style: (S) Standard (HD) Heavy Duty		

### Panel sizes

Modern Aluminum Collection allows you to custom-configure the size of panels to best complement your home.

### Glass options

Modern Aluminum collection offers an array of glass choices, including double strength, tempered, low e, insulated, frosted, mirrored, reeded and tinted glass. Light-filtering glass is also available to add style while maintaining privacy.

Frosted

Mirrored

Reeded

## CHOOSE YOUR OPTIONS

### Finish color options

Modern Aluminum Collection features 197 powder coat color options to best match your home. Clear anodized finish comes standard. Also available are solid aluminum panels for a unique, distinctive look.

#### Powder coat finishes

### Wind load-rated door (521 Series only)

Safeguard your home in extreme wind conditions with an Overhead Door wind load-rated system. Available on the 521 (HD) Series, wind load-rated means your door can be built to withstand a variety of wind conditions, including hurricane-force winds, and meet your local building codes.

## CHOOSE YOUR OPENER

Be sure to ask about our complete line of garage door openers. Your Overhead Door Red Ribbon Distributor will help you choose the opener that best suits your specifications and preferences.

## Built Better from the Inside Out

### Stylish hardware

Hinges and fixtures are galvanized to maintain a contemporary look

### Integrated stiffening struts

Stronger, lighter struts are part of the rail assembly to achieve a sleek, sophisticated look

### Between section seals

Offers additional weather-resistance

### Design flexibility

Available in a variety of vertical rail widths and horizontal stile widths to complement your home's style.

### Commercial-grade aluminum frame

Low-maintenance and corrosion resistant. Ideal for humid climates or environments where natural light is required.

## The Genuine. The Original.

Since 1921, Overhead Door Corporation has not only raised the standards of excellence for the industry — we've created them. We were the first to introduce upward-acting doors, and we were the first to make them electric.

Today, our network of over 400 Overhead Door Red Ribbon Distributors are still leading the way with innovative solutions and unmatched installation, service and support. So look for the Red Ribbon. It's your guarantee that you're getting the genuine, the original Overhead Door.

## Warranty

Overhead Door garage doors are backed by an industry-leading warranty.\*

\* Warranties vary by model series, and are available for inspection upon request. Limited and non-transferable warranty. See full text of warranty for details.
